They moved briefing to next week, but there is no date or time yet.

This is a draft of what I was thinking to talk about Wilcox and what I previously sent Lance.

Really, there isn't much to say, except for where we are with responses from PRPs.

And if they don't present a good faith offer, what will be our next step? A UAO? In that case, do we need management to give us direction to prepare an UAO? To which one of the PRPs or to all? Do we need DOJ involvement?

There are several enforcement legal considerations.

Subject: Wilcox, draft 1 for a briefing

This is what I have so far for a possible briefing of Wilcox. Lance, please revise as you feel appropriate.

What I was thinking is:

- 1 Show Wilcox is near Bristow
- 2 Show how Wilcox look in the past, a former refinery
- 3 Show how Wilcox looks today
- 4 Show team members
- 5 Show what removal have done.
- 6 Show what remedial have done, send SNL
- 7 Show SNL responses so far.
- 8 Next ??? wait for remaining responses.

If there are several PRPs and they don't want to negotiate for an AOC, who should get the UAO ???
Any ideas?
